## LETTER FROM THE PRESIDENT

Holiday Greetings to our association members and all other lake neighbors.

We had a great year on Three Mile Lake. Our lake weed problems are under control, our water quality is excellent, and life on the lake is good. We hope new residents follow the lake rules ([threemilelakepawpaw.org](http://threemilelakepawpaw.org)) so we can all enjoy safe boating and other water activities. Also property owners, who rent their houses, need to remind their renters to respect neighbors' property and not trespass without the neighbors' permission.

The Board of Directors and Executive Branch look forward to another successful year. We hope to get more residents to join our association by paying the \$20.00 annual dues. The dues help with the lake picnic, mailing costs, insurance, web site, etc. The application form is included in this newsletter.

Once again, we had a good year, and we are all looking forward to another fun year.

Happy Holiday Greetings from your Board of Directors and Executive Board.

See you on the lake,  
Ron Cicchini, President

## Michigan's Free Fishing Weekends: An annual tradition

Two days twice a year, families and friends can enjoy one of Michigan's premiere outdoor activities, Michigan Fishing, for FREE!

The 2013 Free Fishing Weekends are scheduled for this winter: **February 16 & 17** and this summer: June 8 & 9.

All fishing license fees will be waived for two days. Residents and out-of-state visitors may enjoy fishing on both inland and Great Lakes' waters for all species of fish. All fishing regulations will still apply.

For many, the annual Free Fishing Weekend has become a tradition - a time to get together and have some fishing fun. While some may find time to reflect while fishing, there are no limits to variations on a great theme! Experienced anglers who offer a child or young adult the chance to take their first fishing trip can provide a rewarding experience for all. People who fish tend to understand the natural aquatic network of plants and animals that help to sustain fish as well as the regulations that govern fishing in Michigan. Research shows that young people today do not have access to fishing opportunities that were enjoyed by generations before them. Some of the reasons: living in urban or suburban areas where fishing access is not readily available, competition for time by an ever-increasing schedule of special activities, and too little time for unstructured leisure.

Michigan offers some of the finest freshwater fishing in the world, with more than 3,000 miles of Great Lakes shoreline, over 11,037 inland lakes and 36,350 miles of rivers and streams. Included are 12,000 miles of trout waters, for which approximately 1,000 miles are considered Michigan's finest.

So grab a pole and your family and friends, and let's go fishing!
